

Introducing the all new FG MACH III

DURO DYNE[®]

The FG Mach III Pinspotter was designed utilizing the best of current technologies to provide greater power and reliability for insulation fastening. The inherent minimal material handling and the use of welded pins will insure your shop a cost efficient, quality product. Our upgraded FG Mach III machine is capable of welding pins up to 4" to address the higher R-value insulation now being specified throughout the industry.

Largest selection of pins in the industry:

Rib Pins:
Dished washers
& ribbed nails for
faster cooling

Slope Pins:
Sloped washer for
a more flushed quilt
depression

Target Pins:
Patented aerodynamic
embossed washer and a
recessed nail head

Econo-Point Pins:
Specially pointed nail
to assure uniform
welding

Gold Seal Pins:
Heat activated
adhesive secures
pin to liner
